

Special Populations of Students

Wesley College Preparatory School welcomes students with varying abilities and interests. As such, we look to offer programs that meet our students needs where they are at and help them grow into who they want to be.

We are able to provide many accommodations as listed on IEPs and 504 plans, but we cannot guarantee to offer all accommodations. Please note, we do not offer modifications. Some of the accommodations we are pleased to offer, if they are listed on a student's recent IEP or 504 plan include, but are not limited to:

- ❖ Extended time for tests and quizzes.
- ❖ Extended due dates for assignments.
- ❖ Multiple attempts on certain projects and assessments.
- ❖ Simplified instructions for more complex tasks.
- ❖ Hard copies of texts if available.
- ❖ Copies of PowerPoints and other digital presentations depending upon the circumstance.
- ❖ Copies of lecture notes depending upon the circumstance.
- ❖ Larger font texts where available.
- ❖ Recordings of texts where available.
- ❖ College Board/ETS approved accommodations or modifications specifically for standardized tests produced by College Board/ETS and administered at the school if the family applies for the special testing circumstances by the College Board/ETS deadlines.
- ❖ Wheel chair access seating and entrances.

On a case-by-case basis other accommodations other than those listed above will be considered and discussed with the family, counseling staff, teachers, and appropriate administration.
